

The Blade

- 1 - The average **Activity** per day is linked to the blade length.
- 2 - The number of **Friends** is linked to the blade width.
- 3 - The number of **Groups & Pages** (joined or liked) is linked to the base length.
- 4 - The average **Profile & Cover Picture** changes per year is linked to the blade curvature: the more changes the more pointed.
- 5 - The average interest in **Events** per year is linked to the base curvature: the more events the more curved.
- 6 - The number of **Deleted Friends** is linked to the indent length.
- 7 - The number of **Past Names** of the account is linked to the number of waves on to the blade.
